World Championship  
Sauna  
Test it yourself!*

## Experience the Real World Championship Sauna together with your friends

- how long will you stay in the world hottest sauna?
- who is the Champion of your team?
- after the hot sauna experience relax in our wonderful **outside whirlpool**

Heinola is world known for its Sauna World Championships held in August every year. Strong men and women compete against each other who can stay longest in the world's hottest sauna.

Now this very same sauna is located in the garden of Cronin's Guesthouse. First you can enjoy the sauna at its normal conditions (not too hot). After getting used to the heat in the sauna we'll tell you the rules of the competition and put on the **real heat**.

Then you can have a (not too serious) competition with each other. The winner will be announced and prized with a special sauna diploma.

**NEW! AVAILABLE IN NOVEMBER 2009**
